... Strike

(Continued from Page 1) brutality were voiced yesterday by Assemblyman John Burton of San Francisco. Burton has asked Assemblyman Mervyn Dymally, chairman of the Assembly Industrial Relations Committee, to set a hearing on the strike situation.

Dymally's staff has said the assemblyman will review the matter to determine if a hearing is necessary.

Meanwhile, Charles Smith, district 38 director for the United Steelworkers, has condemned the violence and wild demonstrations which took place last week.

Smith, replying to a telegram by City Manager Edward J. Ferraro, said the demonstration "was in complete violation of instructions given Local 6700 on several occasions and cannot be condoned by the International union."

Responsibility for the demonstrations belongs to local union officers, Smith said.

Garden Checklist

1. Feed roses for continued bloom into fall. Blooms in November depends on good care now.
2. Plant berried shrubs such as pyracantha, holly and toyon for bright color in fall and winter. For container plantings, foundations or low borders, ask your C. A. N. nurseryman to show you the spectacular little pyracantha "Tiny Tim", a new variety that grows no more than 3 feet high.
3. An extra helping of bloom can be coaxed from coreopsis, delphinium, nepeta, penstemons, Shasta and other summer blooming perennials if you can cut them back to within 6 inches of the ground as soon as flowers fade.
4. Plant corns of the showy Autumn Crocus (colchium) now. If you set them out 4 inches deep and 6-8 inches apart in well-drained soil, they will flower soon after planting.
5. Gain a years growth by planting trees from containers this month. Be sure to keep them watered. For a fine display of color in the fall, consider Sweet Gums, Ginkos or the Oriental Persimmon.
